The Author authorizes the Publisher to edit the Work and to make such modifications as are technically necessary or desirable to exercise the rights in Section 1 in differing media and formats. The Publisher will make no material modification to the content of the Work without the Author's consent.

Section 4: Author's Ownership of Copyright and Reservation of Rights

4.1 Nothing in this agreement constitutes a transfer of the copyright by the Author, and the copyright in the Work is subject to the rights granted by this agreement.

4.2 The Author retains the following rights, including but not limited to, the right:

4.2.1 To reproduce and distribute the Work, and to authorize others to reproduce and distribute the Work, in any format;

4.3 The Author makes the Work available under a Creative Commons Attribution NonCommercial NoDerivs 4.0 International licence (CC BY NC ND 4.0) that allows others to download these articles and share them with others as long as they credit the Author and International Journal of Industrialized Construction for the original creation. The Work may not be changed in any way or used commercially.

Section 5: Author's Warranties and Undertakings

The Author warrants that:

5.1 The Author is the sole author of the Work, or if a joint author, the Author has identified within the Work the other authors, and holds the copyright, either solely or jointly, and has the power to convey the rights granted in this agreement.

5.2 The Work has not previously been published, in whole or in part, except as follows:

5.3 Any textual, graphic or multimedia material included in the Work that is the property or work of another is either explicitly identified by source and cited in the Work or is otherwise identified as follows:

5.4 To the best of the Author's knowledge, the Work does not contain matter that is obscene, libelous, defamatory; it does not violate another's civil right, right of privacy, right of publicity, or other legal right; and it is otherwise not unlawful.

5.5 To the best of the Author's knowledge, the Work does not infringe the copyright or other intellectual property or literary rights of another.

5.6 The Author will indemnify and hold Publisher harmless against loss, damages, expenses, awards, and judgments arising from breach of any such warranties.

Section 6: The Reuse of Third-Party Works

The Publisher requires that the Author determine, prior to publication, whether it is necessary to obtain permissions from any third party who holds rights with respect to any photographs, illustrations, drawings, text, or any other material ("third-party work") to be published with or in connection with your Work. Copyright permission will not be necessary if the use is determined to be fair dealing, if the work is in the public domain, or if the rights-holder has granted a Creative Commons or other licence. If either the Author or Publisher determines for any reason that permission is required to include any third-party work, the Author will obtain written permission from the rightsholder.
